⚓ Meet the men and women of the USNA

⚓ Socialize with the Midshipmen

⚓ Tour their Navy 44 sailboats

The Navy is coming! We are excited to host the USNA's Offshore Sail Training Squadron as the Midshipmen conduct their summer training. Dedicated time will be available for boat tours and to interact with the future leaders of our great Navy.

Local SYC families have graciously opened their homes to provide room and board so Midshipmen don't have to sleep on the sailboats.

Limited seating is available for Friday and Sunday BBQs. For more information and to make reservations please contact membership services, 203-323-3161.

OSTS is one of the premier summer training programs at the U.S. Naval Academy. Midshipmen receive training in ocean sailing, seamanship, navigation, leadership, and teamwork.

The sail training craft, Navy 44s, crewed and led by Midshipmen, are sent to various ports up and down the east coast during the four-week long training blocks.

SYC is honored to partner with the academy this summer.
